Jet Aircraft Observed at the Airframe Plant

1/18 in KUIBYSHEV

Legend:

All-metal construction, single-seat craft with nose wheel and landing gear retracting sidewise. Two turbojet engines. Armament, according to Soviet workers [redacted] 1x35 mm cannon, 2x20 mm cannons. Speed, according to Soviets: about 750 mph. [redacted] however, believed that the plane was slower than the German Me-262. On the other hand, the plane looked so plump that errors of estimate are possible.
